RE: Merit Steps and Pay Increments

As you may have heard, House Bill 379 was introduced in the legislature yesterday to freeze pay steps and pay increments for state workers.

Initial feedback by the legislature is that there is little interest in pursuing this course outside some of the fringe elements bent on attacking public workers.

In any instance, I am tracking this very closely and if we need a major phone campaign, I will let you know.

Until then, know that I continuing to monitor the situation and advocate strongly against this shortsighted measure.

Thank you,
